Purpose and Explanation of Procedures

Purpose and Explanation of Procedures I hereby consent to voluntarily engage in a Personal Fitness Training Programme with Natasha Green Personal Training . The programme may include stress management, as well as health/fitness education activities. The levels of exercise I perform will be based upon my cardiorespiratory (heart and lungs) and muscular fitness. I acknowledge it has been recommended to me that I be examined by my GP and obtain his/her approval for my participation in the programme within thirty days of the date set forth below. Furthermore, within the twelve month period preceding the date of this release, I have not been advised by a GP or other health care professional of any medical condition which would prevent me from participating safely in a physical fitness or conditioning programme. I will be given instructions regarding the amount and type of exercise I should perform. A Natasha Green Personal Training Trainer will direct my activities, monitor my activities, and otherwise evaluate my effort. I understand that I am expected to follow the trainers' instruction with regards to my exercise, health and fitness related programmes.

If I am taking prescribed medications, I have already so informed Natasha Green Personal Training and further agree to so inform my trainer promptly of any changes which my doctor or I have made with regard to use of any medications or change in any medical status. I will be given the opportunity for periodic assessment and evaluation at regular intervals after the start of my programme.

I have been informed that during my participation in the above-described programme I will be asked to complete the physical activities unless symptoms such as fatigue, shortness of breath, chest discomfort, or similar occurrences appear. At that point, I have been advised that it is my complete responsibility to decrease or stop exercise and that it is my obligation to inform the trainer of my symptoms. I hereby state that I have been so advised and agree to inform the trainer of my symptoms, should any develop.

I understand that during the performance of exercise, the trainer will periodically monitor my performance which may include: measuring my pulse, blood pressure or assessing my feelings of exertion for the purposes of monitoring my progress. I also understand that the trainer may reduce or stop my exercise programme, when any of these findings so indicate that this should be done for my safety and benefit.

I understand that during the performance of the programme, physical touching and positioning of my body by the trainer may be necessary to assess my muscular and bodily reactions to specific exercise, as well as insure that I am using the proper technique and body alignment. I expressly consent to the physical contact for the stated reasons above.

Risks

It is my understanding and I have been informed that there exists the possibility during exercise of adverse changes including, but not limited to, abnormal blood pressure, fainting, physical dizziness, disorders of the heart rhythm, and less likely heart attack, stroke or even death. I further understand and have been informed that there exists the risk of bodily injury, but not limited to, injuries to the muscles, ligaments, tendons and joints of the body. I have been advised that appropriate efforts will be made to minimise these occurrences by proper assessments of my condition before each session, trainer supervision during exercise and by my own control of exercise efforts. I fully understand the risks associated with exercise, including the risk of bodily injury, heart attack, stroke or even death, and knowing these risks, it is my desire to participate as herein indicated.

Inquiries and Freedom of Consent I have been given the opportunity to ask questions regarding the procedures of the programme and I have received satisfactory answers to those questions. Generally these requests which have been noted by the Natasha Green Personal Training Trainers and their responses are as follows:

I agree that Natasha Green Personal Training shall not be liable or responsible for any injuries to me resulting from my participation in the programme (whether at home or at the health club, outdoors or at other public places, or corporate, commercial, residential or other fitness facility). I expressly release and discharge Natasha Green Personal Training, its owners, employees, agents and/or administrators or assigns from any claims, suits and the like of a result of any injury or other damage which may occur in connection with the participation in the programme, excepting only an injury caused by the gross negligence or intentional act of such person or persons. This release shall be binding upon my heirs, executors, administrators and assigns. I have read this form and understand all of its terms. I consent to the rendition of all services and procedures as explained herein by the Natasha Green Personal Training Trainers.
